This matrix closes the original message scope. It is not a single-prompt 12/12 result.

C14: R01-02; C15: R03-04; C16: R05; C17: R06-08; C19: R09-12.

Earlier quality failures, timeouts and tool-turn cancellations remain in the report.

The final resident model closed with exit 0 and unchanged sources. No answer/point repairs.
